The Writing Is On The Wall...
...The Future Of Your Hotel TV Is Secure!

The easiest way to go Smart: www.motelsupplies.com

Why change your hotel TV...when you can simply upgrade and provide your guests with the very latest Smart TV features and Apps, as well as information about your hotel and the services you provide?

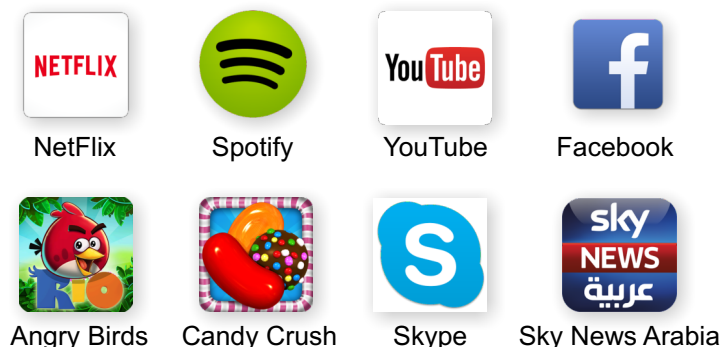

SmartUpTV transforms new and existing HD Ready Hotel TVs into affordable modern Smart TVs. It's a complete standalone solution that includes the SmartUpTV Box, a unique Hotel Gyro Remote Control and access to the MySmartUp portal, which gives you complete control over look, feel and functionality.

SmartUpTV offers a fantastic service advantage that is specifically designed for hospitality, so guest's personal details, usernames and passwords are cleared automatically after use...safety and security is assured.

Here are just a few key features of SmartUpTV:

- The most comprehensive SmartTV solution that's designed specifically for hospitality.
- Access to 100's of "useful" Apps, including Video Streaming, Catch-up TV, News, Sports, Weather, Internet Radio, Games and much more.
- Content Sharing from a guest's device to the the TV...including MiraCast.
- Guest information including links to Websites, Intranet Pages, Videos, PDFs and content generated from within our built-in Content Management System.
- Global Announcements and Personal Messaging to individual rooms without the need for a PMS.
- An Advertising Engine, that allows the guest to interact with traditional 3rd party adverts as well as internal messages and promotions.
- An In-Room Ordering App, that allows a guest to order Room Service, Housekeeping Services and just about anything else, from the comfort of their room.

100's of apps including (where region restrictions allow):

The Apple logo is a trademark of Apple Inc.
The Windows logo is a trademark of Microsoft Inc.
The Android logo is a trademark of Google Inc.
